

REMARKS

Claims 1-40 are pending in this application. By this Amendment, claims 5, 6, 10 and 19 are amended. Support for the amendments to claims 5, 6, 10 and 19 can be found in the specification as originally filed, for example in paragraph [0015], and in claims 5, 6, 10 and 19 as originally filed. No new matter is added by these amendments.

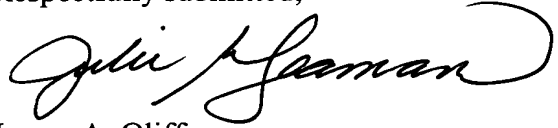

Claim 19 and paragraphs [0037], [0039] and [0059] are amended to correct typographical errors therein. Paragraph [0060] is amended to delete the mention of a patent that is unrelated to the subject matter of the instant application. No new matter is added by these amendments.

Also by this Amendment, new paragraphs [0036a] and [0036b] are added. Paragraph [0036a] and [0036b] explicitly set forth material that had been included in the specification through the incorporation by reference of U.S. Patents 5,593,807 and 5,853,943. Thus, no new matter is added by this amendment.

In addition, new claims 21-40 are added. Support for new claims 21-40 can be found in the specification as originally filed, for example at paragraphs [0019]-[0023], [0025]-[0032], [0035], [0036], [0036a], [0036b], [0038], [0043], [0055] and [0058]-[0059]. Thus, no new matter is added by new claims 21-40.

Early and favorable consideration is respectfully requested.

Respectfully submitted,
